

Servicemembers' Group Life Insurance (SGLI)

Your command, your Service and DoD recognize some reservists and members of the National Guard may experience pay interruptions due to the COVID-19 emergency and offer the following guidance on Servicemembers' Group Life Insurance:

Who This Impacts:

Members of the Reserve, National Guard and their family members enrolled in SGLI or Family SGLI.

What You Need To Know:

Premiums for SGLI, Traumatic SGLI and Family SGLI are deducted from your pay. Coverage will continue even if you are unable to drill due to COVID-19. Missed premiums will accumulate until you begin receiving pay again. At any time, you can review and adjust your SGLI coverage through the SGLI Online Enrollment System (SOES), which can be found at <https://milconnect.dmdc.osd.mil/milconnect/>

What to expect:

You should expect any missed premiums will be deducted in a lump sum the next time you receive pay for drill or active duty.
