Long Term ADOS Opportunities

COMDT (CG-2) National Geospatial-Intelligence Agency Operational Support

COMDT (CG-2) is seeking reservists to fill multiple long-term (12 months) ADOS positions. Candidates need to be E-3 to E-8, CWO's, and O-1 to O-5 to be considered. Please share this announcement with colleagues that may be interested in this opportunity. Prompt applications are encouraged.

Requirements:

1. Commitment to the position from October 2020 - September 2021
2. TS clearance with SCI eligibility
3. Intelligence Professional Apprentice level or higher (INTEL001)
4. Successful completion of a Counterintelligence polygraph examination
5. Experience in Geospatial Intelligence is highly desirable

The National Geospatial-Intelligence Agency (NGA) is currently looking to identify interested candidates for multiple Geospatial Intelligence positions and related assignments. NGA is soliciting USCG Reserve personnel to provide operational support from FY21 thru FY24 at their campuses located in various locations including Virginia, Missouri, and Colorado. Current vacancy position locations: Springfield, VA; Bluemont, VA, Fort Belvoir, VA; St Louis, MO; and Aurora, CO.

Members selected will provide NGA support in geospatial-information and intelligence systems to support and inform decision-makers at the tactical, operational, and strategic levels.

Point of contact: CDR John Boller; (914) 954-9449; John.A.Boller@USCG.MIL.
